## FOUR MILE PROJECT COMMONWEALTH APPROVAL

Alliance Resources Ltd (**ASX:AGS**) advises that the Four Mile Uranium Mine Monitoring, Mine Closure and Community Engagement Plans as submitted on 27 June 2013 as required under the Commonwealth Environment Protection and Biodiversity Conservation Act (**EPBC Act**) conditions were approved on 2 September 2013.

This is the final regulatory approval for the Four Mile Uranium Mine.

As previously announced, the South Australian Department for Manufacturing, Innovation, Trade, Resources and Energy (**DMITRE**) has advised that, in addition to the approval of the Program for Environmental Protection and Rehabilitation (**PEPR**) and the Environment Protection Authority (**EPA**) Licence for Mining and Mineral Processing (both of which were received in August) and the plans under the EPBC Act, the following key steps remain to be completed prior to commencement of mining operations:

- modification to the existing Beverley and Beverley North PEPR's to accommodate the integration of Four Mile operations;
- payment of the Rehabilitation Liability Bond, and
- submission of key design, construction and commissioning reports to DMITRE and EPA at progressive stages of mine development.

The Company will advise the market as each of these steps is completed.
