FOUR MILE PROJECT COMMISSIONING

Alliance Resources Ltd advises that the engineering and construction at the Four Mile Uranium Project is nearly complete and that the project is currently being commissioned.

Quasar Resources Pty Ltd has advised that the project is on schedule to commence production in April 2014, subject to final regulatory approval of the monitoring strategy.

The attached image shows the general Four Mile site layout on 25 March 2014.

Steve Johnston
Managing Director

The Four Mile Uranium Project area is located 550 kilometres north of Adelaide in South Australia. Alliance's 100% owned subsidiary, ACE is the registered holder of 25% of ML6402 and EL5017. Quasar is the registered holder of 75% and acts as the manager of the Project.
